

Park City 2017
Saturday, February 4th – Saturday, February 11th

Trip Leader: Marty Snipes, Assistant, Karen Clarke

Our February trip to Park City had all thirty six of our travelers looking forward to skiing at the largest ski resort in the country! Park City is one of our clubs favorite ski destinations and the reports were calling for great snow and clear conditions for the week. We flew out on Southwest and after a short layover in Denver we arrived in Park City

After check-in at the Snow Flower Lodge, we had two main priorities to take care of. First, we had to attend the welcome reception sponsored by Sports America and then rent our skis. The welcome reception was held in a private room with a large fireplace and the food and drink was great. After the reception we went down to the base of Park City to Jackson's Base Camp to rent our skis and the guys in the shop were very helpful. They stayed late so we all could rent our skis and be ready to ski first thing Sunday morning.

Sunday morning greeted us with great conditions, sunny skies and beautifully groomed runs. Our first day of skiing was wonderful. Sunday night was Super Bowl Sunday so after skiing there were several Super Bowl Parties and many broken hearted Falcons fans!!!!.

Monday was another great day of skiing. That evening we all boarded the bus for our group dinner at The Grub Steak House. This was one of our best group dinners we've ever had and everyone had great things to say about the restaurant.

Après Ski was enjoyed on three evenings at various locations throughout the base area.

On Wednesday several of us bused over to Deer Valley and skied there for the day in near perfect conditions, both snow and weather. A day or two at Deer Valley is a must when you travel to Park City.

Our ski in-ski out condos, The Snow Flower, was direct slope side and made it very convenient to get on and off the slopes.

The ski conditions were nearly perfect the entire week. We had great snow and fresh powder several days. Now that Park City and the Canyons are joined together making Park City the largest resort in the country, there were more ski runs and trails to ski than there was time!
